

**PUFFER
SWEIVEN**

4230 Greenbriar Road, Stafford, TX 77477

Puffer-Sweiven and Farris Engineering would like to invite all Instrument & Process Engineers, with 0-5 years experience in the process industry, to attend the *Pressure Relief Valve Sizing and Selection* seminar.

This seminar features a basic overview of:

- (API / ASME) Codes and Standards
- Valve Selection
- Terminology
- Valve Sizing featuring the latest version of SizeMaster Software
- A brief look at the sizing software of the future . iPRSM®

The *Pressure Relief Valve Sizing and Selection* seminar uses a workshop style approach to allow all attendees to participate using SizeMaster for a hands-on experience with liquid/gas and multi phase sizing scenarios. At the conclusion, of the seminar attendees will receive a catalog resource, as well as a trial access to iPRSM.

This FREE one day seminar will be held on
Wednesday February 10, 2010
from 8am-4pm.

Please be prompt as we will start at 8am sharp.

Participants will learn how to:

- Understand related industry codes and standards as they apply to pressure relief valves.
- Effectively use Farris SizeMaster®, software to size pressure relief valves.
- Select and specify the most appropriate relief equipment .

Reservations may be made by contacting Tiffani Raiford at 281-274-6412 or by e-mail: Tiffani.Raiford@Puffer.com
